CANOPIES

AUSTRALIA'S BEST VALUE TRAYS AND CANOPIES

V2.0 MAY 2025

BUILT FOR ADVENTURE, BACKED BY EXPERIENCE

At Trojan Canopies, we're all about helping you get further off the beaten track, with gear that's ready for anything. Born from a passion for outdoor adventure and real-world feedback, our range of lightweight trays, rugged canopies, and premium accessories are designed to go the distance, without blowing the budget.

Whether you're camping, working, or towing the caravan around Australia, Trojan products are built tough, packed with features, and backed by a team that's always in your corner.

Keen to see what Trojan Canopies can do for you?

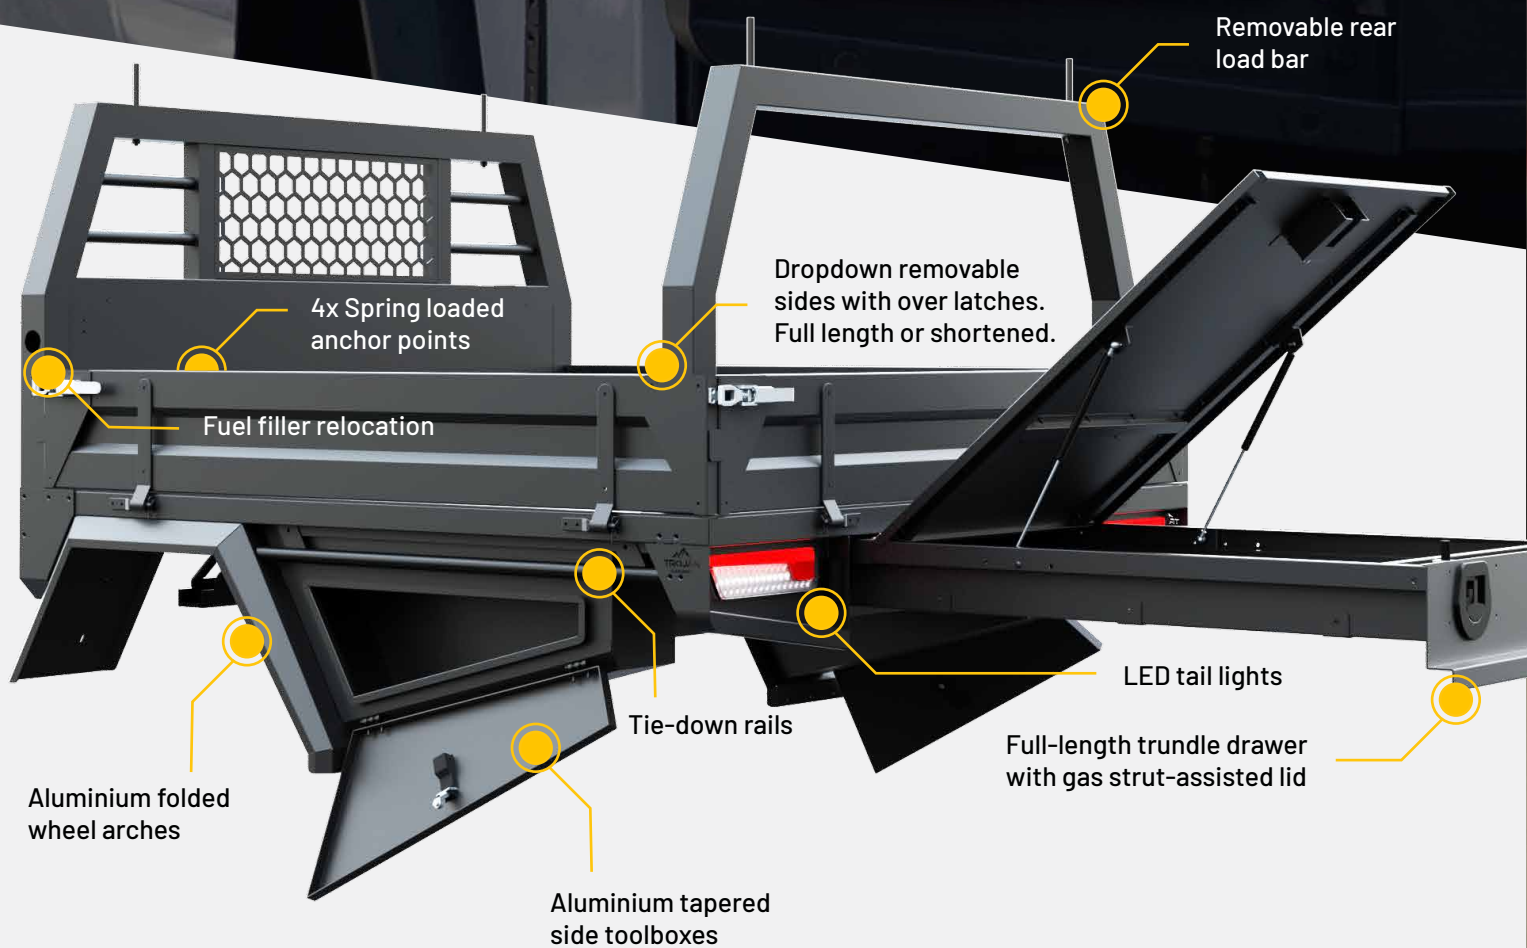

Flick through the brochure, check out our full range, and when you're ready, give our team a shout. We're here to help you gear up and get going – no stress, no pressure, just good advice and leading solutions.

POPULAR

THE WEEKENDER 12V PACKAGE

Power up with our Weekender 12V Panel - From \$3,890.00.

REDARC BCDC 40 amp charger
(Can be upgraded for larger batteries)

Victron battery monitor

CNC laser cut and powdercoated
aluminium panel

Pre-wired and fused rocker switches

Hardkor LED lights with amber, white and
warm settings and an adjustable dimmer

Flush mount Anderson power output

12v cigarette sockets

Dual USB chargers

Flush mount Anderson solar input

Our most popular canopy 12V package for weekenders, tradies, and touring rigs.

This all-in-one power panel is built for ease. It's pre-wired, neatly installed, and ready to roll as soon as you plug in your battery. It's everything you need to keep the essentials humming, minus the fluff.

REDVISION PACKAGE

Go further with our RedVision 12V Panel - From \$6,890.00.

Ask about our Redarc upgrades

RedVision Package includes everything in the Weekender plus:

-  TVMS Rogue RedVision Control Module
-  RedVision Display
-  Manager30 Battery Management System
-  240v 15A power charging port

Need a few extras?

Optional extras include 240V inverters (run a coffee machine wherever you go), fixed solar panels, rear working lights plus more!

Installation inclusions:

Your 12v system will be connected to your starter battery with quality components. A waterproof Anderson plug allows for easy disconnection when taking the canopy off. Fridges are also wired in.
